CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Criminal Court Operating In The County Since 1926

The first time that the Palm Beach County Criminal Court of Record convened it had to hastily adjourn because there was no judge to sit on the bench. That was back in January 1926 when the new court opened its initial session following creation by the state legislature.

A week later, the court convened again—this time complete with judge—and handed down a 30-day suspended sentence to the first prisoner to stand before the bar. The man—whose identity is a matter of record but whose name need not be used here—was guilty on a charge of "voluntary use of intoxicating liquor contrary to the peace and dignity of the State of Florida."

In other words he had a snoot full when he was picked up, apparently from too much holiday spirit. He was arrested two days before Christmas.

These are some of the facts found on the first records in the criminal court which was created (continued on page 8)

Band Program Has Set A New Record

Robert O. Lampi, bandmaster of the Pahokee High School band, said Wednesday the summer school band program this year has set a record in enrollment and attendance. There are 74 enrolled and he said there is an average of 36 daily. This is around 10 more daily than last year. There are 38 regular band members enrolled and 36 beginners. Lampi said that at least half of the beginners will enter the school band by the middle of the first semester. This will boost the band to 60 members, the largest in the history of the school.

Last year there were 55 in the band but 10 were lost in graduation and two moved away. The band will start with 43 members this year Lampi said. A number of parents have furnished refreshments during the summer lessons. Lampi has furnished them this year. The program will end Saturday evening after a 6 weeks' period. It is sponsored by the county school board and the state.

Sandwich Supper After Legion Meet

The Fred and Percy Mansfield American Legion Post No. 90 made plans to serve a sandwich supper each Monday evening following the Legion meeting at the Legion Hall. O. C. Carr, newly named steward, will be in charge of the suppers.

The Post voted to support the Little Baseball League which will play in Miami Sept. 1-5. Carr will be in charge of rounding up a group of boys from the Pahokee-Canal Point area and taking them to these games. The post will pay the expenses of the boys to Miami and will participate in ticket sales for the league games.

A. E. Funderburk, 1st vice commander, presided in the absence of Commander Melvin Spooher.

Wetzel To Go To Ft. Pierce Hospital

FORT PIERCE—Harold E. Wetzel, who is now administrator of Everglades Memorial hospital at Pahokee, is to be the new superintendent of Fort Pierce Memorial hospital.

Wetzel takes over Sept. 1. The post has been held for the past several months by Mrs. Elizabeth Kelly as acting superintendent.

Pahokee To Collect Water Bills Or Else

At a meeting of the Pahokee City Council Monday night at City Hall members of the council took steps to collect delinquent water bills by authorizing the water turned off at all the homes and business places that are delinquent. Citizens have permitted bills to run up during the summer, and collections have been difficult. The council voted to stand behind the authorization until all bills have been collected.

A safety ordinance recommended by members of the Pahokee Boat Club and drawn up by City Attorney Ralph Johnson was passed (continued on page 8).

Robert O. Lampi, bandmaster of the Pahokee High School band, said Wednesday the summer school band program this year has set a record in enrollment and attendance. There are 74 enrolled and he said there is an average of 36 daily. This is around 10 more daily than last year. There are 38 regular band members enrolled and 36 beginners. The church, built at a cost of approximately \$25,000, is modern in every detail. The building is of steel-reinforced concrete block construction, and has a natural wood truss interior. Floor-length glass jalousie windows gives maximum ventilation and light, and the church is illuminated at night by recessed lights around the entire ceiling.

A large window back of the choir loft will feature an illuminated stainless steel cross, against maroon velvet drapes. A glass block cross built into the vestibule walls above the entrance is lighted from the inside. The church has plastered walls and tiled floors. At the rear of sanctuary there is a robe room for the choir, and a pastor's study.

An extension is being added to the Sunday School building which will provide five additional Sunday School rooms, and by rearranging the partitions seven more rooms may be added. The Sanctuary and the Sunday School building are

joined by a breezeway.

The new building represents long cherished dreams and years of hard and faithful work by members now affiliated with the church and many who have since moved away or died. The church was established in the early 20's and the first building was a pioneer shell of a building located on land near the present location of Coburn's Hardware store. The 1926 hurricane destroyed the building, and the lots where it had stood were traded to the US Sugar Company for the present site.

In 1929 the Rev. Filley came to serve the church and almost single-handed built the little church building which was demolished when the new structure was built. The Rev. Filley was never able to worship in his new church, for the first service in it was his funeral service.

The Rev. Bennett William Palmer, newly appointed minister of the church, will be in charge of the first service. Mr. Palmer received his education from Emory, Boston, Princeton and Harvard Universities. He has served churches in Orlando, Tampa and Miami since he has been in the Florida conference.

The new pastor has invited all former pastors. They include: The Rev. and Mrs. Walter Olford, of West Palm Beach; Rev. and Mrs. Maxson are in charge of dinner arrangements.

Third Straight Yr. Co. Board Lowers The Tax Millage

Palm Beach County's \$4,597,715 budget for 1953-54 got final approval this week when the county commission adopted the tentative fiscal plan—one which reduces taxes by .02 a mill for the second straight year.

No opposition to it was voiced Monday although one item had been questioned previously. The necessity of including an \$18,000 item for veteran's service was aired at a special meeting last week. Only one person opposed its conclusion at that time so the board declined to drop it from the final budget. A West Palm Beach attorney had charged that it was duplication of federal Veterans Administration duties.

The total county levy is 11.63 mills, showing the decreased millage, but the budget itself is up more than \$100,000 over last year. Two bridge projects to be paid for from self liquidating bonds account for this.

A record tax assessment—16 million—over last year's assessments—reported by County Tax Assessor James M. Owens, Jr., will provide monies for the budget.

National Airlines has smashed all records for summer travel to Florida thanks to their "Piggy Bank" vacation program.

FCD Canal Rock Sought To Build Glades Farm Roads

13.56 Inches Rain During July

The Upper Glades section of Palm Beach county is thoroughly soaked. During the past seven days 8.8 inches of rain has fallen in this area. For the month of July there has been a total of 15.25 inches or more than seven inches above normal for the month.

Pahokee Revival Will Start Aug. 2

"You're not too old to attend," said W. Hal Hunter, Pahokee Baptist Pastor, in announcing revival services next week. Although called "Youth Week Revival" the services will be for all ages, with young people in charge. The services will be at 8:45 each evening, August 2 through 9.

Two young men, both June graduates from John B. Stetson University, will have the general direction of all activities. George Shriver, of Jacksonville, will be the evangelist. He is a popular preacher and was winner of the annual "Sam R. Marks Prize in Religion" (continued on page 8)

Glades farmers can look forward to a bigger and better network of farm roads if the Flood Control District needs a request made this week by the county commission.

The commission on the recommendation of Commissioner Paul Rardin will try to acquire road building rock from the Flood Control District. Rardin said the current widening and deepening of the canals in the district will produce a supply of "needed road building rock" which if made available to the county by the FCD can be used for construction of farm roads in the Glades area and other roads in the county.

Also at the request of Rardin, the commission adopted a resolution asking the State Road Department to include in its Vinegar Bend road project a culvert and an extra 300 to 400 feet on a turn off to South Bay.

Beach erosion came up again Monday at the board's session when Commissioner Kenneth Fost. (continued on page 8)

Harley Williams Dies; Heart Attack

Harley T. Williams, long-time resident of Pahokee and vice president of Vandegrift-Williams Farms, died at five o'clock Wednesday morning in a West Palm Beach hospital from coronary thrombosis. He was 60 years old and came to Pahokee in 1927.

Funeral services will be announced by Berry Funeral Home in Pahokee.

He is survived by his wife, Gertrude and five daughters: Mrs. Gwend Foley of White Springs, N. Y., Mrs. Juanita Buchman of Miami, Mrs. Delores Mole of Pahokee, Misses Lovida and Harleene of Pahokee; his mother, Mrs. Emily Williams of Sarasota; two brothers, B. F. of Sebring and Dewey of Cocoa; seven sisters: Mrs. O. D. Dobson of Arcadia, Mrs. Jessie Brown of Tampa, Mrs. Pearl Martin of Sarasota, Mrs. Ed Grasick, Mrs. June Kimble of Los Angeles, Mrs. Eloise Hood of New York, Mrs. Beatrice Juilaert of New York, and five grandchildren.

He was a member of the Pahokee Methodist church and BPOE No. 1638 in Pahokee.

Canal Point Lions Hear Chicago Report

At a meeting of the Canal Point Lions Club Monday evening at Community Hall, Dave Fuggett, delegate from the club to the National Lions Convention in Chicago, gave a report on the convention. Lon Adams and Boyd Vorhees, Lions returning from vacations compared vacations in Florida and Georgia. Monthly committee reports were heard, and D. L. Hooks, president, presided at the meeting.

Traces of oil have been discovered in the new well drilled by the Coastal Petroleum Company near Clewiston.

Brahman Cattle Be Sold At Tampa Fair

TAMPA—The first annual Pan-American Brahman Cattle Sale, sponsored by the Eastern Brahman Association and the Pan-American Commission of Tampa, has been added to the program of the 1954 Florida State Fair.

Scheduled for Friday night, Feb. 12, it will be the high mark of the International Cattlemen's Event of the Fair. The auction will feature a bi-lingual auctioneer "crying" the sale in both English and Spanish to accommodate the large group of South American, Central American and Cuban cattlemen among the prospective buyers in the livestock pavilion.

A committee representing the Eastern Brahman Association met in Tampa last week with Executive Director Earl Mullin and Fair Manager J. C. Huskinson to complete plans for the sale.

A group of the EBA members and their wives will leave Miami by plane on August 5-6 for Colombia, South America to attend the annual Brahman Show and Sale at Sincelejo, Colombia. The group will take with it letters of invitation from Tampa's Mayor Hixon, Governor McCarty, Doyle E. Carlton, president of the Pan American Commission; Herman Beville, president of EBA, and Carl D. Brorein, president of the Fair Association, urging South American cattlemen to visit the International Cattlemen's Event at the 1954 fair.

The Florida State Fair visitors from countries to the south will likely arrive in Tampa by plane on Feb. 7-8 and remain throughout the week. Monday, Feb. 8, will be the famous Gasparilla Day. Tuesday, Feb. 9, will be the judging of FFA cattle and Shorthorn and Hereford cattle of adult exhibitors; and the following day will feature the judging of Santa Gertrudis and Brahman cattle.

Thursday, Feb. 11, Pan-American Day featuring a night parade through Ybor City, will be marked with an open show of Angu cat-tie. Friday, Feb. 12, is the date for the annual 4-H Clubs livestock judging competition and that night the livestock pavilion will be the scene of the Pan-American Brahman Cattle Sale.

Many social events will be arranged for the South American cattlemen during their stay in Tampa. There will be no organized tour of Florida Brahman ranches, as was done during the 1953 fair, but transportation will be furnished to ranches for individuals who

Cinematic Chatter

By Malcolm Mills

Hello everybody! We learn from folks in the know out Hollywood way that Van Johnson is always right at home when indulging in his favorite pastime, Barbecuing. Van takes his barbecueing seriously, and is known the length and breadth of Hollywood for his outdoor repasts. From early spring to late fall the weekend gathering of friends around Johnson's outdoor fireplace is a highlight of the week. He feels there is no pleasanter way of entertaining than in the sociable atmosphere created by a glowing outdoor fire. The smoothness with which his barbecue dinners are served is due to the simplicity of the meal and its careful beforehand planning.

"Having a good fire is the important thing in a barbecue," states Johnson. "You've got to get it started at least an hour ahead of time, giving the charcoal plenty of time to become red hot. The steak must be thick so it will remain juicy while absorbing the charcoal flavor, at the same time becoming well browned." The actor-chef doesn't consider a barbecue worthy of the name unless roasted corn ears are part of the menu. He always gets the freshest corn available. About thirty minutes before dinner plunges the ears into a bucket of cold water, then ties the ends carefully. When the meat is cooked he spreads the embers smoothly and places the corn on top, roasting each side about five minutes. He also makes a Caesar or mixed green salad that vies with that of the experts, and he likes to serve his special Boston baked beans. "I learned to bake beans when I was a kid back in Newport, Rhode Island," he says. "What New Englander isn't partial to baked beans. "See you at the movies—Mai.

LEASE HOTEL

JACKSONVILLE—Lease of 40 units of the McCormick Hotel-Apartments here to the Prudential Life Insurance Company for one year commencing Sept. 1, was announced last week.

The lease was executed by Prudential officials with a Jacksonville realtor representing the owners in a current offering to the public of the hostelry holdings.

Faith Brown Is Worthy Advisor

The Pahokee Rainbow Girls Assembly elected officers at its meeting Monday night at the Masonic Hall. Miss Faith Brown was elected worthy advisor. She succeeds Miss Sandra Long, who has served in that capacity for the past six months.

Other officers chosen were: Aleph Hall, assistant worthy advisor; Carolyn Hickerson, charity; Kay Friend, hope; Jeanine Mock, faith; Audrey Mead, treasurer; Patsy Maurer, recorder; Judy Shackford, love; Charlene Stuckey, religion; Mary Arthur Kirk, nature; Hammond, immortality; Carolyn Crosby, fidelity; Beth Smith, patriotism; Gay Schoeppel, service; Martha Gail Ammons, outer observer; Linda Sellers, confidential observer; Betty Harrison, chaplain; Joyce Lynn Hurt, drill leader; and Corrine Collins, musician. Since the assembly is suspending meetings for the month of August the installation ceremony will not be conducted until

the second Monday in September.

At the meeting plans were completed for a house party on Ft. Lauderdale Beach. The group will leave Saturday morning and return Sunday afternoon. They will be accompanied by Mrs. Manning L. Keen, mother advisor.

Crossing Signals At Vann's Crossing

Florida East Coast Railway workmen are busy this week installing crossing signals at the crossing near Vann's Packing house on the Pahokee-Canal Point Road. County Commissioner Paul Rardin said that provisions were made for the signal lights in the 1951 State Road Department budget but nothing had been done toward installing them until this week.

Several years ago after a request had been made by the county commission and had been backed by local civic groups, signals were erected at another dangerous crossing near the light plant. Through the years efforts have been made to get the latest set installed and finally it is to be accomplished.

Will Test Belle Glade Ordinance

Halsey and Griffith, West Palm Beach stationery and office supply store, and one of its salesmen yesterday filed suit against the city of Belle Glade.

Charging that a city ordinance requiring the company to have a \$25 license for its salesman to solicit orders is unconstitutional, the company and employee, Ted Van Istendal asked in Circuit Court that the town be "perpetually restrained" from enforcing the ordinance.

Van Istendal was arrested on a warrant June 15 and ordered to appear for trial there Aug. 7.

The store claims that orders taken in Belle Glade are filled in West Palm Beach and shipped there. It contends that the transactions are "part of general trade and commerce" between the merchants of two towns. It further alleges that it is illegal for Belle Glade to attempt to levy a license tax on property that is beyond jurisdiction of the city.

Planning Keeps Economics High, Electricity Low

Floridians are getting their electricity from some of America's most efficient power plants, recent reports of Florida Power & Light Company reveals that their Cutler Plant is now squeezing 560 kilowatt hours out of every barrel of fuel used.

This is an increase of 50 KWH per barrel over previous records, and brings the average production of the eight major power plants in the Company's System up to the 500 mark.

For comparison, plants on the Company's lines on VJ-Day averaged less than 390 KWH per barrel of oil.

Explanation of the new records is that the bulk of Florida Power & Light generating equipment is brand new since World War II and thus, more efficient than pre-war models.

This gain reflects how the Company's long range planning has paid off in a spirit of electricity low. Emphasis is placed on economy in all phases of operation. Thus, although the Company is breaking records for rapid building, maximum efficiency is maintained.

It's Fine To Be Fooled —Sometimes

Handy Peters entertained for the ladies of the Auxiliary the other night—and had the ladies believing for a while that he's the best marksman ever.

Handy put on a great act. He set up a whole bunch of balloons on a "muslin" backdrop and then took out his pea-shooter. He shot blindfolded, standing on his head, every which way—and broke a balloon every time.

No wonder Handy impressed the ladies. What they didn't know 'till the show's end—was that Buck Mulligan was hiding be-

hind the backdrop improving on Handy's aim with a hatpin.

From where I sit, we all get things "put over" on us now and again. When it's good-natured—fine! But some folks would like to fool the rest of us into believing it's wrong to enjoy an occasional glass of beer—just because they prefer something else. For real American tolerance and neighborliness these people are simply "off target."

Defense is your job, too!

THIS IS A DAY OF DREAMS COME TRUE . . . for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over, the nightmare of war is behind them. These boys have been far across the seas doing a hard, dirty, bloody job . . . a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U. S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, strength is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

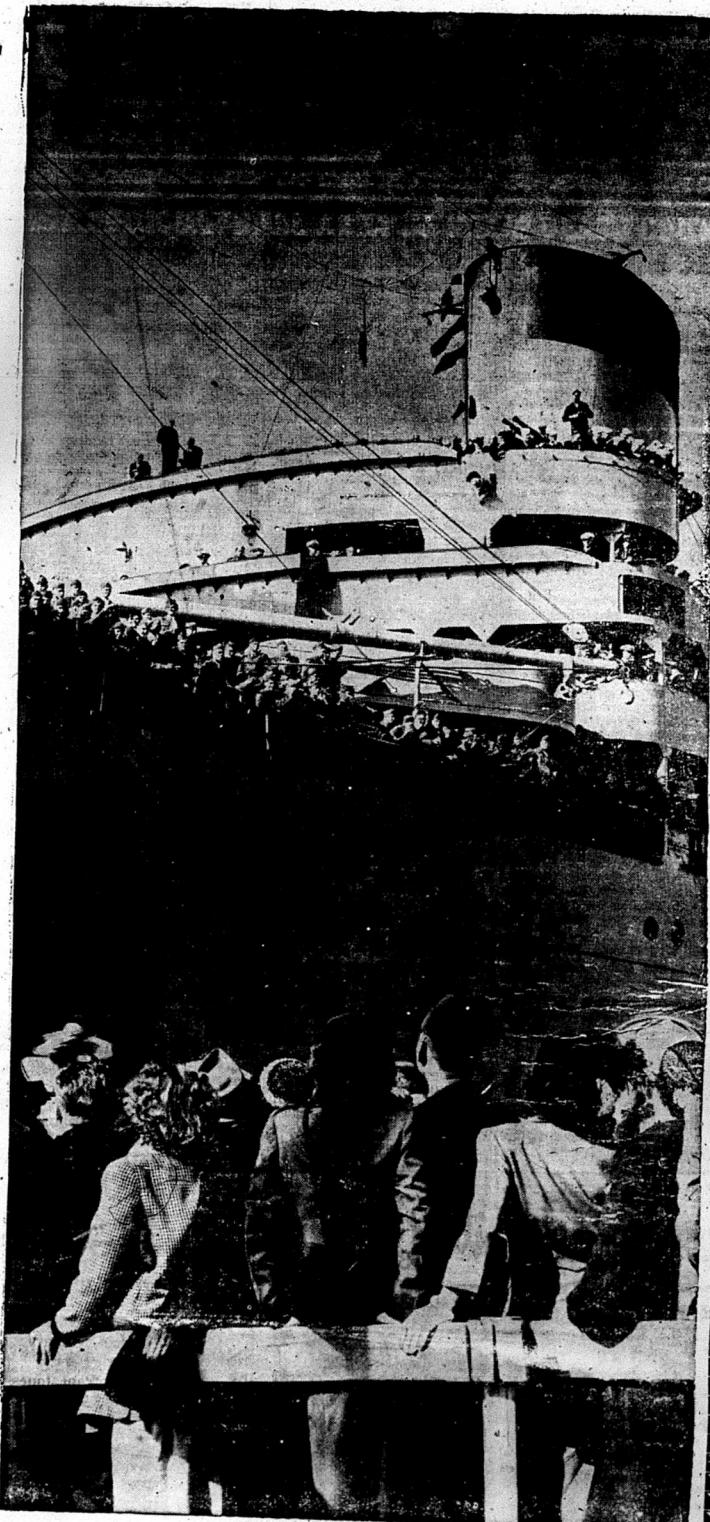

The U. S. Defense Bonds you buy give you personal financial independence.

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

Mac Todd Given Birthday Party

Mrs. C. M. Todd entertained a group of friends at her home Wednesday evening following the mid-week prayer service, honoring her husband on his birthday anniversary.

It was a surprise party and games and contests were enjoyed. Mrs. Leo Maxwell was in charge of the games, and Mrs. Nola B. Smith and Miss Kansas Todd assisted Mrs. Todd with the serving. The honoree received many gifts, and cake and punch were served to 40 attending.

More visitors went through the big Sugar House of the United States Sugar Corporation at Clewiston this year than ever before. It is taking its place as one of Florida's outstanding attractions.

The only Cypress Knee Museum between Sebring and Moore Haven, in the world is located at Palmdale. Thousands of cypress knees gathered from all over the world are on display.

HAPPENINGS IN THE LAKE OKEECHOBEE REGION

25 YEARS AGO

A cash market for Everglades corn was made this week when W. L. Brandon of Canal Point opened an office and began operation of a mill in the Robinson packing house at the crossing of the railroad and the highway between Canal Point and Pahokee.

Plans for a modern water system to serve that part of Canal Point north of the canal and the sugar mill and its quarters have been made by R. Y. Patterson, an executive of the sugar company, and bids for material and installation are being sought.

Four hundred to 450 acres of the Mayaca Company's property at Port Mayaca, nine miles north of Canal Point, is scheduled for planting next season, as against the 100 acres that were in cultivation last season.

Belle Glade—Work in repairing the dike around unit No. 1 of the South Florida conservancy district, which was burned badly, is nearing completion.

Mr. and Mrs. Jos. Friedheim returned Thursday from Houston, Texas, where they spent two months vacation. They report having a pleasant trip, except for the weather, which they found rather warm.

Mr. and Mrs. H. H. Hart of Chosen entertained at breakfast Wednesday morning. Those enjoying the hospitality were Mr. and Mrs. B. V. Pace and son Jimmy, Miss Peggy Marker, Miss Vivian Harman, C. E. Everett, Dr. Wm. Brackmeyer of Pahokee, Louie Wieman and Maurise Hart.

Mr. Jackson who was so badly injured by the breaking of a cable on one of the Huffman Construction draglines, several weeks ago, was taken by Dr. Buck to the Jackson Memorial hospital at Miami last week.

Charles Moran has taken over the 45 acres of "Padgett's island" between the rivers southeast of Pahokee and is having the weeds run down and the soil plowed. Mr. Moran will farm 300 to 350 acres next season, which is about the acreage he usually handles.

A location survey has been made for a railroad track from Clewiston to the Miami canal, to get data on which to estimate the cost of construction at such time as the track may be needed.

Marriage license was issued Tuesday to Zelma McNair, carpenter, and Roxie Lowe, both of Canal Point.

Manager Jack Barrett of the East Beach team reports his players as follows: Francis Cross, Frank O'Connell, Paul Mansfield, Lee Mansfield, R. Hawk, John Thomas, O. K. Carr, Wilt Guise, Henry Larimore, T. B. Gilbert, E. D. Spooner, Douglas P. Solick, C. Ross.

Mr. and Mrs. John V. Thomas returned Wednesday afternoon from their bridal trip and are living at the Custard Apple Lodge where rooms were provided for them by an addition to the building of their brother-in-law and sister, Mr. and Mrs. Jack Barrett. Mrs. Thomas was formerly Miss Hilda Lee, for several years the bookkeeper in the Bank of Pahokee.

The town council will meet this Friday evening and it is understood that an application will be made for a franchise for a water company.

Jens Jensen, a contracting builder, is erecting a dwelling house 20 x 24 on a lot on the lake side of Main street (Canal Point road) for his own and family's occupancy. He has just completed a nice bungalow for J. W. Cochran. The dwelling he is erecting is on Mr. Cochran's land. Mr. and Mrs. Cochran are on a vacation and are expected to arrive home this week.

C. L. Wilder and Charles Jones Spooner went fishing in the lake Saturday and caught more than a hundred pounds of bream, cat and sucker—they had so many fish they didn't know how to get rid of them except by "throwing a party" having a fish fry and inviting in all the neighbors, so they did that. The fish were fried under Mrs. C. J. direction at her place and served with corn bread, light bread, pickles, olives, etc.

By the establishment of a post office at Port Mayaca, nine miles north of Canal Point, merchants in Canal Point are to lose a part of the retail trade that now comes here from the community. Order for the establishment of the post office has been made but the service has not gone into effect because a box has not yet been placed in which trainmen will place the pouches. The post office is to be in the commissary building two miles east of the lake.

On their way to California, W. R. Bonham and family had reached Santa Fe, New Mexico, when he sent a post card from that place dated July 19. "We are having a very interesting trip but find time to think of our friends at Canal Point and wish to be remembered to them," he writes, adding that there is a wonderful scenery in that region and that the altitude is 7,000 feet.

L. I. Maloy and family returned Wednesday from a five weeks visit

to West Florida and his old home in Florida. He says farm conditions are better in West Florida, helped by the development of the blueberry industry.

Twenty-seven residents of Canal Point met at the school house Wednesday night and took the steps preliminary to incorporation of a town. The boundary proposed is a strip 300 feet wide following the meander line and starting at the south line of the Fremd property and running to the north line of Pahokee. A. L. Pope, E. W. Simmons and H. L. Speer were made the committee to arrange details and conduct the election.

Probe Activities Of Fund Raising

WEST PALM BEACH—An investigation of the fund-raising activities of the Florida Association of Peace Justices and Constables was ordered last week by the group's board of directors.

The board named a committee to look into reports of pressure tactics and careless handling of funds raised through solicitation of ads for the association's yearbook. Further solicitation of ads was also ordered halted until the committee completes its investigation and audits the books.

In a copyrighted story in its Sunday edition, the Miami Herald said solicitors operating under a franchise of the association had collected about \$300,000 from Florida business men during the past three years. The newspaper went on to explain that all the association has to show for it today is a bank balance of about \$8,000.

Until last September, the Herald said all solicitations were handled by Thomas (Tony) Bloom, New Jersey racketeer, and since then they have been taken over by Louis Winter, a former partner of Bloom. Winter said he severed relations with Bloom when he learned latter had a criminal record.

Findings of the investigating committee will be reported to the association's annual convention, Aug. 20-22, in West Palm Beach.

State May Pick Up Extra Sales Tax Cash

TALLAHASSEE—The State of Florida will pick up some extra sales tax money if the 20 per cent federal tax on movie theatre admissions goes off.

Comptroller C. M. Gay's collectors cannot estimate how much it will be but the State will take a penny or two that it now doesn't get on every basic admission charge of less than 40 cents.

Because of the heavy federal tax, the legislators exempted all movie admissions below 40 cents from sales tax. But it is wrote into the law a provision that if the federal tax ever dropped as low as 10 per cent, all sales tax exemptions would be wiped out.

So, if President Eisenhower doesn't veto the bill recently passed by Congress, the state tax will be applied against admissions from 11 cents up, just as it is applied against all other admissions and most commodity purchases.

Two-Week Stint For National Guard

TAMPA—More than 1000 Florida West Coast National Guardsmen of the 51st Infantry Division left their civilian occupations last weekend for a two-week stint of summer training. Fort McClellan, Ala., was the objective of motor convoys and troop trains as they rumbled northward to begin the annual training grind.

West Coast cities whose citizens soldiers will participate in the fortnightly encampment are Tampa, Clearwater, St. Petersburg, Tarpon Springs, Bradenton, Palmetto and Dade City. The troops are scheduled to arrive back in this area, Sunday, August 9.

New Type Chair Made In Clearwater

CLEARWATER—Spreading Florida's fame, coast to coast, as a budding industrial empire, a lightweight, aluminum extension chair, developed and manufactured by a Clearwater company, has been ordered by the Department of Defense for the United States Marine Corps.

The federal government purchase, awarded Burd Metal Products, Inc., of Clearwater, followed closely the selection of the Xtenz chair by General Motors Corporation to provide the seating for GMC's huge Parade of Progress tent exposition, now on tour of the midwest and New England.

Made of high grade aluminum and flame-proof duck, the Florida-made chair is so light that one man can carry up to ten four-place units. Seating for an average school auditorium can be stored in a fraction of the space required for the heavy, cumbersome wooden chairs.

Mass production lines have been set up in Burd plants in Clearwater to fill the Defense Department order.

"Acceptance of our chair," says President German Burd, "proves that the location of an industry is not important, if its products are of good quality and are attractively priced. Our experience should encourage all Florida manufacturers."

Your personality and the things you are interested in are very likely to indicate the type of eyeglass problem you may have, says the Florida Optometrist.

Mr. and Mrs. G. W. Byrd have as their house guest their grandson, Terry Mock of Lake Worth.

Christian Science Group Of Canal Point

The importance of understanding that God is Love will be brought out at Christian Science services next Sunday. Subject of the Lesson-Sermon is "LOVE". A verse from II Corinthians (13: 11) furnishes the Golden Text: "Be perfect, be of good comfort, be of one mind, live in peace; and the God of love and peace shall be with you."

Passages from the King James version of the Bible include: "He that loveth not knoweth not God; for God is love" (I John 4: 8).

Among correlative selections from the Christian Science textbook, "Science, and Health with Key to the Scriptures" by Mary Baker Eddy is this: "The starting-point of divine Science is that God, Spirit, is All-in-all, and that there is no other might nor Mind, —that, God is Love, and therefore He is divine Principle" (p. 275).

Basket Dinner To Mark Church Opening

Members of the Canal Point Methodist church are planning to hold a basket dinner Sunday immediately following the morning service to celebrate opening of their new church edifice. The dinner will be served in the Community Building. Folks attending are invited to come and bring a basket. Drinks will be furnished, the committee said.

The courses to be taught will include "Let's Go Out of Doors", for kindergarten ages; "Child Life In Bible Times," primary children; and "Learning to Know The Bible" junior ages. Mrs. Guy will be assisted by Mrs. Clyde A. Canipe who will act as assistant director of the school.

TO FILL PULPIT
Dr. Rembert A. Guy, pastor of the First Methodist Church in Pahokee, announces that the Rev. Walter Olford of West Palm Beach, will fill the pulpit in the church during his vacation which will be from August 3-16.

Gilbert - Williams

Mr. and Mrs. Othar O. Gilbert of Carrollton, Ga., are announcing the engagement of their daughter, Miss Betty Faye Gilbert, of West Palm Beach, to Clarence E. Williams, son of Mrs. Ora W. Powell of Pahokee.

Miss Gilbert is a graduate of Carrollton High School, and attended West Georgia College, near Carrollton. At present she is in Dr. Edgar Stephens' office in West Palm Beach.

Mr. Williams is a graduate of Georgia Military College, and attended the University of Georgia, the University of Florida and the University of Tennessee. He was a pilot in the U. S. Airforce for three years, and saw overseas duty in Europe. He is associated with his mother, in the Everglades Insurance Agency in Pahokee.

A late August wedding is being planned.

Seven times more orange juice was canned and concentrated in Florida during the 1951-52 season than the amount of pineapple juice canned by the nation's other canners, says Florida Canners Association.

It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,860.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Pahokee Revival

(continued from page 1) awarded at Stetson last year by the attorney whose name it bears he was also the President of the state Baptist Student Union.

Jack Coldrion, of Kingsport, Tenn., is the song leader for the meeting. He was Stetson's Homecoming Mayor last fall and was soloist and Student Director of the Glee Club.

Both young men were Vice Presidents of the Student Body.

The church "Babyland" will be open for pre-school children each evening during the services. Special conferences for youth have been planned for after the services each night.

Youth Week Officers which have been elected by the church are: Pastor, Wayne Burdeshaw; Educational Director, Millard Stanley; Music Director, Margaret Powell; Sunday School Superintendent, Danny Mullis; Training Union Director, Barbara Phillips; Woman's Missionary Union President, Edna Unwin; Brotherhood President, David McCoy; Church Clerk, Donna Jo Spooner; Church Treasurer, Patsy Batchelor; Deacons, Leland Becton, Chairman, David McCoy; Milton Wilson, Joe Wilder, James Usher, and Robert Deloach.

Criminal Court

(continued from page 1) at a special session of the Florida legislature in November, 1925.

Most of the men who attended the first court session have since died. Still around are W. H. Lawrence, then chief deputy to Sheriff R. C. Baker and Tom Riggs, another deputy. Lawrence is now serving as a deputy to Sheriff John Kirk and Riggs, is chief jailor for Kirk.

But getting back to the first session of court, Gov. John Martin had named Elmore, Cohen, clerk, and W. E. Roebuck, county solicitor. Both of these men were duly qualified when court first convened on January 4.

It wasn't until a week later, however, that Judge A. G. Hartridge received his commission and was qualified to sit on the bench and take over the criminal cases of the county which were separated from circuit court where they were originally tried.

Also present at the first session Sheriff R. C. Baker and R. H. Monroe, a deputy.

Getting back to that first case, minutes of the opening court session related that the man plead guilty to the charge "and having nothing sufficient to say," was sentenced to 30 days hard labor and confinement in the county jail.

Then the judge suspended the sentence.

Fee records in connection with the first case showed that the sheriff got \$2.50; the clerk, \$4.80 and the county solicitor, \$5.

J. Louie Carter, now clerk of the criminal court, said that by mid-July, 1953, his office had rounded out more than 20,000 cases.

Generally speaking, except for slightly higher court and sheriff's fees, the court operates much the same as it did years back. Wordings on charges of information have varied a bit down through the years but it's not unlikely that you will draw 30 days if you turn up on a drunk charge.

Today's court officials include Clerk Carter, Judge E. G. Newell and County Solicitor T. Harold Williams.

Lampi Is Speaker For Pahokee Lions

At a meeting of the Pahokee Lions Club Tuesday at the Woman's Club Building Robert O. Lampi, bandmaster of the Pahokee High School Band, was guest speaker. He spoke on the summer band program which has been in progress for the past six weeks. Following his talk he presented four of the beginner students, who played musical instruments. They were; Tommy Holden who plays a clarinet; Cynthia Friend, a flute; David Simonson, a cornet and Sandra Lampi an oboe. Lampi was introduced by Clyde A. Canipe, program chairman, who presented him with an achievement plaque for his outstanding work with the band.

Sgt. Dave Fuggett, Canal Point Lion, gave a report on the National Lions Convention which he attended in Chicago as a delegate from the Canal Point Club. He was introduced by Frank Rose.

Music Festival Decision Coming

At the Pahokee Chamber of Commerce Meeting Monday at 8 p. m. at the Chamber office definite decision will be reached regarding the proposed music festival which the Chamber hopes to make a highlight of the coming season. President Ralph O. Johnson said this week. Pledges have been taken this past month from business men and poles regarding the support of the festival have been taken through the civic clubs.

The resignation of Homer J. Clause, a director who moved to Lake Kerr, will also be acted upon at the meeting Johnson said.

FCD Canal Rock

(continued from page 1) er reported on meetings with the Jupiter Inlet District. On his advice the board voted to seek sand deposits from the US Corps of Engineers for beach erosion work in the Juno area. Foster said sand which will be dredged from the Inland Waterway this fall can be transferred to the beach south of the Jupiter Inlet where the ocean's littoral drift will deposit it farther down the coast.

Board members also voted to request the FCD to make a survey of drainage for the area from Okeechobee Road north to Jupiter Indian Road. Foster, who proposed the survey said it would aid the county when it goes ahead with its plan to extend SR 7 north to Lake Park West Road and aid in the water conservation plans of West Palm Beach if its westward expansion becomes a reality.

County Engineer J. M. Boyd was authorized to have an aerial survey made of the US 1 area. Boyd said it would be cheaper than doing ground survey since there are several spots from Lantana south to Delray Beach which have become congested. This will mean acquiring of more right of ways for the four-laning of the highway.

In other action the board:

Instructed Boyd to supply the West Palm Beach chamber of commerce auditorium committee with rights along the lake front near the downtown area where the city may eventually put an auditorium.

Instructed the county court house custodian, at the request of Rardin, that a new American flag be obtained for the building since the present one is in a "bad state of repair."

Authorized the county engineer and attorney to go to Tallahassee Aug. 4 for the letting of bids on the state road projects.

Requested the Internal Improvements Board to sell a small island south of Jupiter in the waterway for a nominal sum so the county could have it for parks and road purposes.

Girls Stater Will Report To Auxiliary

Mrs. Charles Maxson will be hostess to members of the Canal Point American Legion Auxiliary at her home in Canal Point August 11. At that time Miss Frances Wilson, the Auxiliary's representative to Girls State in Tallahassee will give her report to members.

Minute Maid is known the world over and this famed citrus concentrate is giving Florida invaluable publicity.

Pahokee To Collect

(Continued from page 1) ed. The ordinance designates an area for skiing and boating on the Pahokee waterfront on the north side of City Pier, extending to the fence on the government levee north of the pier. It also regulates the speed of boats to 10 miles an hour within the designated speed area around the pier. A traffic pattern was worked out where boats enter into the speed restricted area on the northeast and leave the area on the northwest. A number of other safety regulations were included in the ordinance. The safety committee from the Pahokee Boat Club including Billy McKinstry, Perry Duke, and James Smith, met with City Council and Attorney Johnson and worked out the main features of the ordinance.

IN MEMORIAM

Whereas, It has pleased the Grand Master of the universe in his infinite wisdom to remove from among us our esteemed friend and Brother,

BENJAMIN F. WALKER

Whereas, we feel that by his demise we suffer the loss of a faithful member of our fraternity and the community at large an honored and upright citizen, one who was beloved by all who knew him.

BE IT RESOLVED. That for the purity of his life, the cheerfulness of his presence, the uprightness of his character, the kindness of his dealings with others we shall hold him in loving remembrance as an example worthy of our emulation.

Resolved. That while we mourn for him as a friend and Brother our sorrow is lessened by the knowledge of his well spent life which presages his triumph over death, and we are led to exclaim blessed are the dead who die in the Lord.

Resolved. That we, the officers and members of this lodge, extend our most heartfelt sympathy to the immediate relatives and friends in their great sorrow over the departure of a life so useful and commend them to him who doeth all things well.

Resolved. That these resolutions be placed on the records of the lodge and a copy presented to the sorrowing relatives of our deceased Brother.

Given under our hands and seal of Everglades Lodge No. 211 F. & A. M. this 21st day of July A. D. 1953 A. L. 5953.
